1. Opening Statements
 - a. We will soon be transitioning to using MyFBO for the newsletter distribution as our current system can't handle as large of a group as we are starting to get
 - b. Lower Bama Bash and Wings of an Angelfest have been cancelled
 - c. Parts of the By-Laws will be put in the hangar so members may become familiar with them if they have questions
 - d. Special speaker coming August 31 - NASA shuttle commander Rick Searfoss
2. Pitts
 - a. The patch is finally being fixed and repainted!
3. Gliders
 - a. We may possibly be losing the Cirrus to Penn state because we are unable to fly it as much as the people who lease it to us would like us too, so go fly!
 - b. The K-21 had an inadvertent spoiler deploy so make sure you check all your connections before flying!
 - c. NASA gliding was very successful with 40 tows completed with the employees
4. Cub
 - a. The cub has been have a lot of recent little maintenance problems
 - i. We suspect this is due to the breaking in of the new engine
5. Finances
 - a. We increased the rate of the Cub from \$75/hr to \$80/hr to help cover costs
6. Safety
 - a. 31 members took the safety survey
 - i. 91% said they feel we have a safety program
 - ii. Biggest weakness seemed to be people not knowing how to file a report, preflight briefings not being done, and people not knowing the emergency egress procedures
 - b. The Cub now will have the CIGARS checklist placarded on it
 - c. The Pitts now will have the emergency egress instructions placarded in the front seat
 - d. The K-21 now will have USTALL placarded in the front seat

7. Public Relations
